Your insured person portal ProfondConnect

We are a digital pension fund. You will receive your pension certificate and important notices on the ProfondConnect portal and can, for example:

- simulate and apply for purchases into the fund and an early lump-sum withdrawal to purchase residential property
- change your home address after a move
- simulate wage changes
- simulate retirement options
- send documents to us securely and in accordance with data protection laws (via our contact form)

You can find more information about ProfondConnect and an online manual at:

With your pension fund, you can safeguard your family and partner

We not only guarantee your occupational benefits, but also provide insurance for your dependants.

Lump sum payable at death

At Profond, the surviving dependants of an insured person receive your retirement assets as a lump sum payable at death – in certain circumstances even after you have retired (depending on the option you have chosen).

With a beneficiary order, you determine who receives the lump sum payable at death.

You can find out who is entitled to claim and how to report this online at:
profond.ch/en/death-lump-sum

Life partnership

Notify us of your partner, so that they can receive the same benefits as spouses.

You can find out the conditions for this and what you need to do online at:
